

Project 1: 3D and 2D - Retro Futurism Inspired Custom Furniture Design

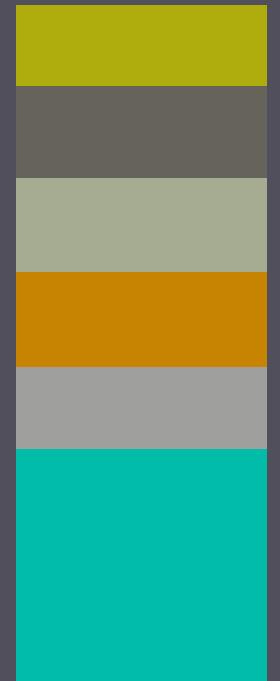

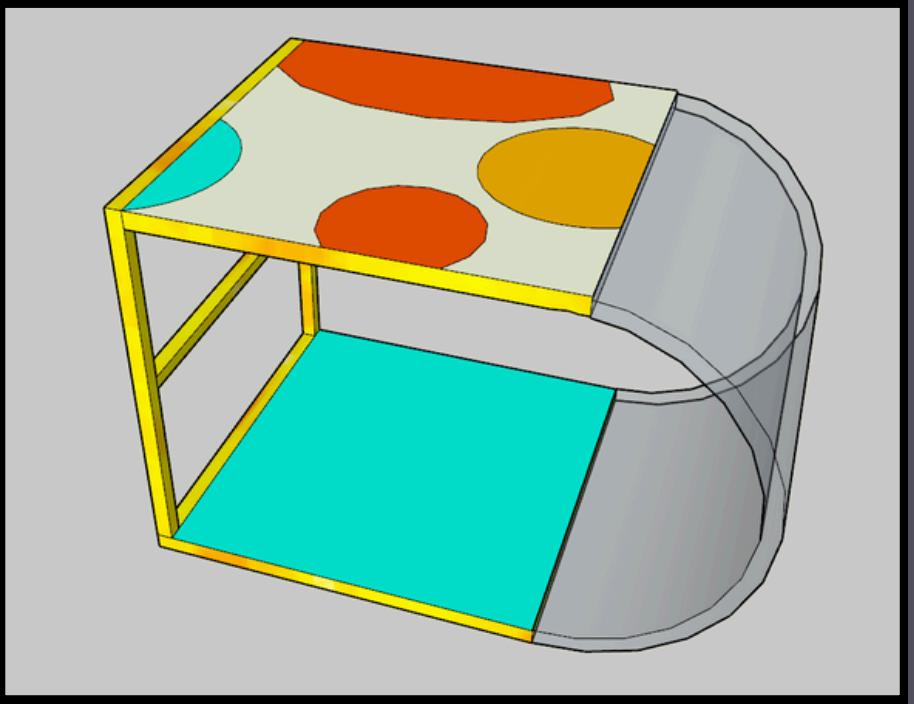

Presented by: Manreet Kaur

Retro-Futuristic

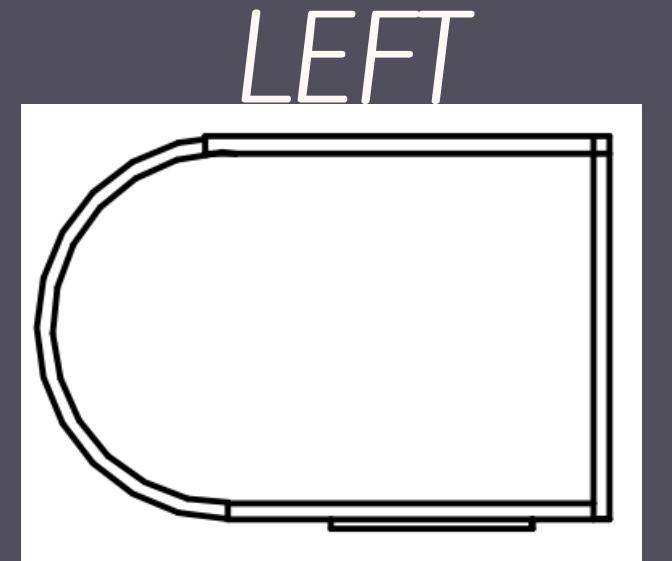

Ele-Coffee Table

What is a retro futuristic?

A retro-futuristic coffee table blends vintage charm with a bold, space-age vibe. It often features smooth curves, shiny chrome or glass, and playful shapes that look both nostalgic and modern. Instead of the usual boxy design, these tables feel light, sculptural, and imaginative. They add a fun, stylish touch to any room while making the space feel a bit more creative and unique.

Materials

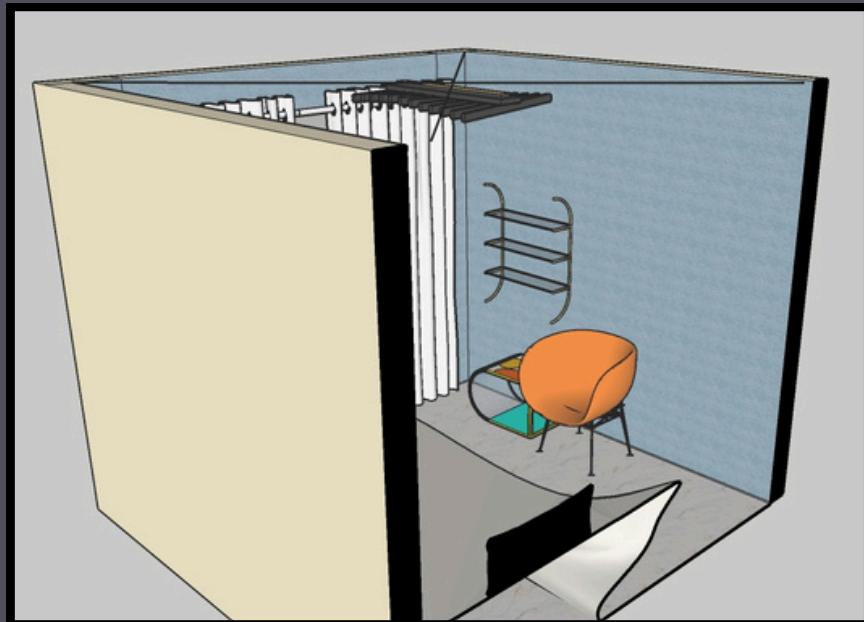

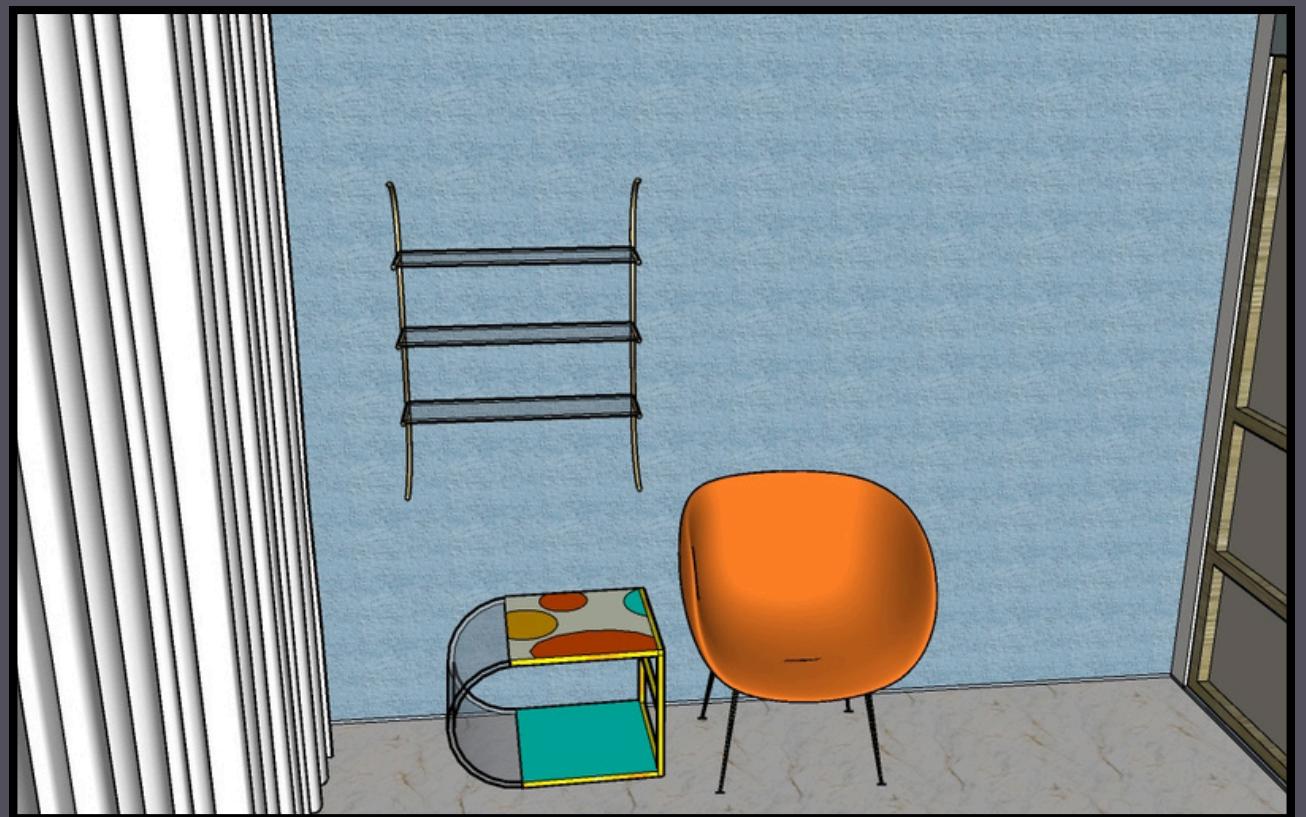

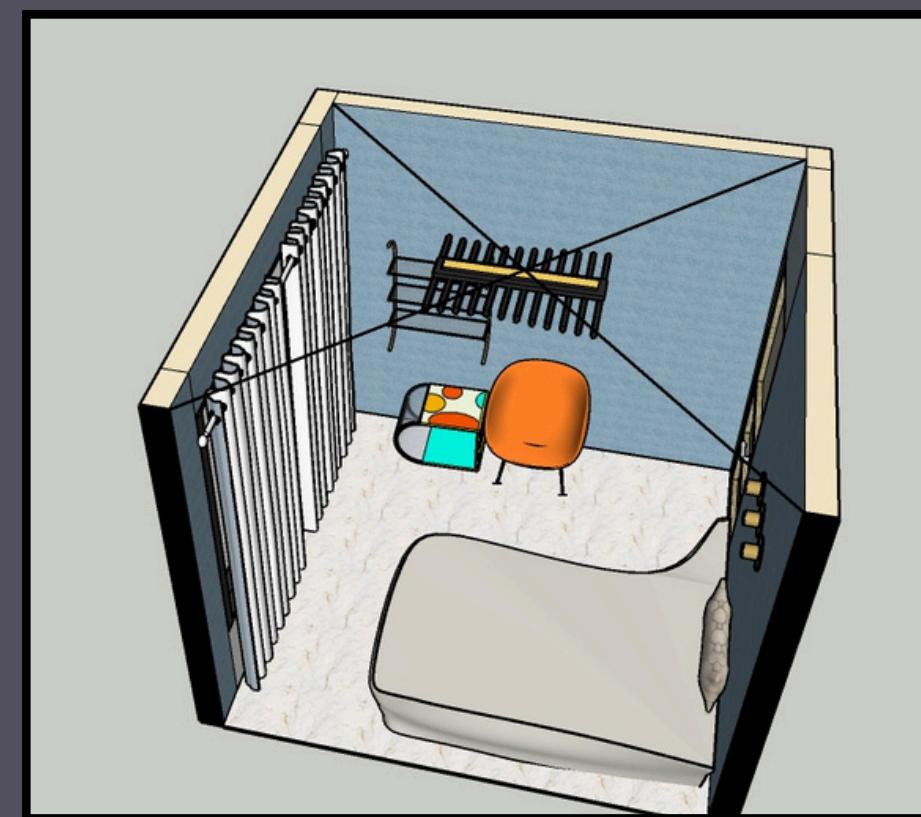

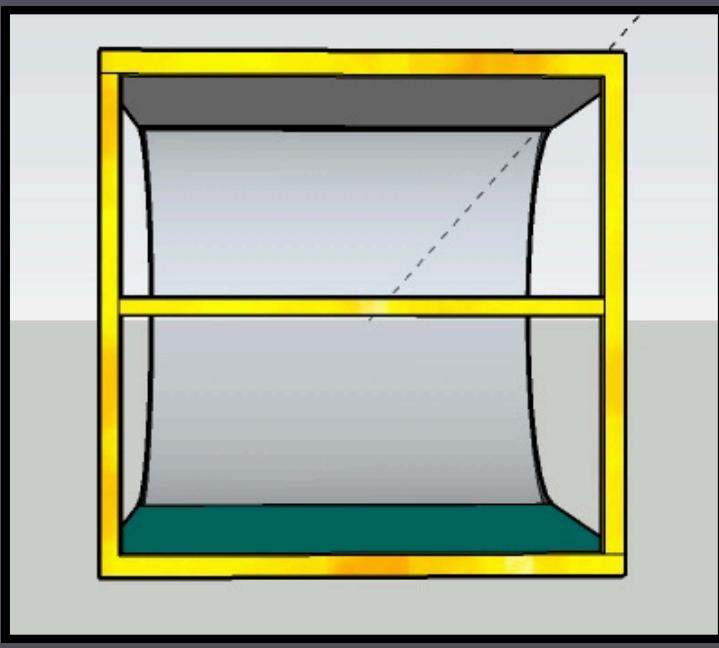

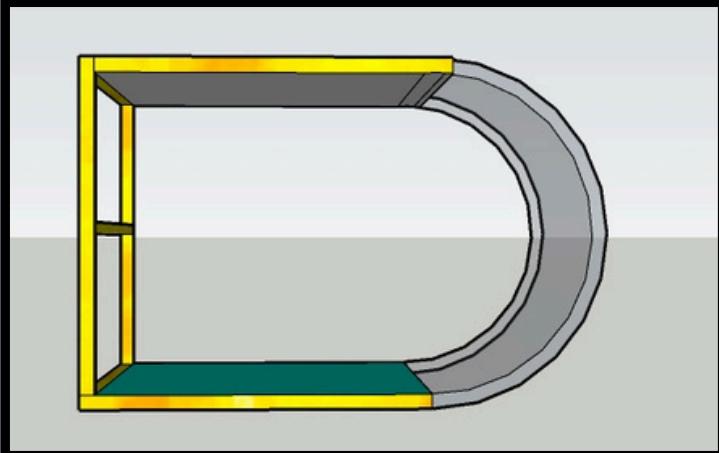

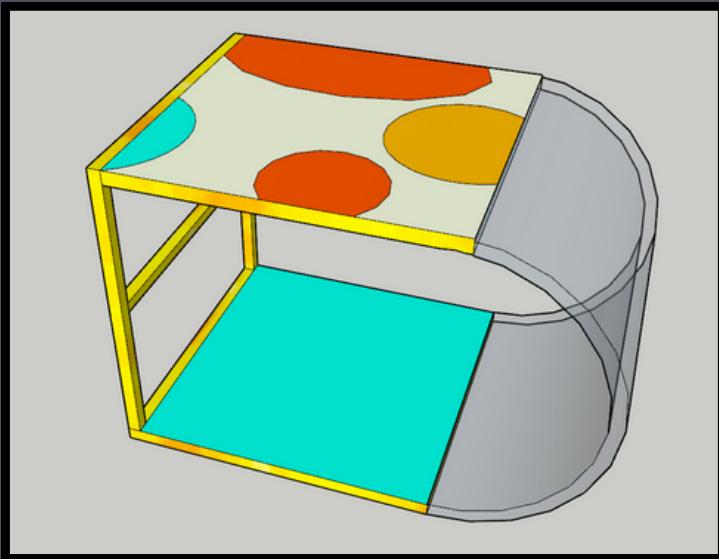

- ① Wood (for base & top) + rods
- ② Gold polish (for golden rods)
- ③ Glass
- ④ Colors (Blue, Orange, Yellow, White)

Style Process

Design Brief

This retro-future inspired table has been named as 'Ele-Coffee Table'. major part of the table is a square which merges into a glass arc on the other side. Sides of the square are open with one rod connecting two of the sides on the outer face of the square. The base, sides, top and the stand below are made of wood with golden finish. Gray appearance glass has been used. Bold colors such as blue, yellow, orange and golden has been used to make the table look more retro and futuristic.
